

# Destination Solar System

An adventure about space and the solar system  
with an emphasis in science

Destination Solar System is all about how having fun and learning. Each child participates in several activities, songs and dances designed to teach about space and our solar system. During Destination Solar System sessions, children explore different aspects of space including the sun, planets, moon, stars, and constellations. The emphasis of this adventure is science.

This session includes:

- Telescope time
- Rotation of the planets around the sun simulation
- Making flying saucers
- Creating constellations
- Space Songs
- Story Time
